Syed Shayan Ali

SAP ABAP /S/4 Hana Analyst

Deloitte Consulting Private Limited

Hyderabad, India Mobile:7682956586

E-mail:syedshayan.ali.330@gmail.com

Objective:

I am looking for a challenging and rewarding role as an SAP ABAP professional, where I can use my skills and knowledge to help the organization grow and meet customer needs. I am eager to learn new things and work with the latest SAP technologies.

Professional Experience:

- Currently associated with **Deloitte Consulting Pvt Ltd, Hyderabad** as an **SAP ABAP Developer.**
- I have three years of hands-on experience delivering full-cycle RICEFW components—reports, interfaces, conversions, enhancements, forms—across ECC and S/4HANA landscape.
- Proficient in ABAP-on-HANA technologies, including performance optimization, CDS views, and RAP models for efficient data access and application modernization.
- Skilled in integration and interoperability, designing interfaces via IDocs, BAPIs, RFCs and developing OData services and Fiori UI integrations.
- Having a good knowledge of data dictionary objects.
- Analytical and collaborative, with strong communication skills across cross-functional and remote teams, consulting architects effectively for solution design and execution.

Certification:

SAP Certified Associate - Back-End Developer - ABAP Cloud

Skill Sets:

Primary skills:

- SAP ABAP, Debugging, ALV Report, IDoc, Adobe Form, Enhancement, BADI, BAPI, ODATA, ABAP on HANA.

Secondary Skills:

- Languages: C, C++, Core Java, Data structure.
- WEB Technologies: HTML, XML.
- Scripting Language: Java Script
- Service Tools: JIRA/ALM/SNOW

Language Skills:

- Fluent in English and Hindi.

Educational Qualification:

- **BCA** from MITS School of Biotechnology, Bhubaneshwar, Odisha in 2022.
- Passed **12th** in Science Stream from Christ College, Cuttack in the year **2019**.
- Completed **10th** from Stewart School, Cuttack in the Year **2016**.

Technical highlights:

- Having knowledge in working with Data Dictionary, **ALV** Reports**, IDOCs**, Adobe forms Debugging, SAP Workflow etc.
- **ABAP: ABAP/4** technical skills include the design, development and debugging of ABAP Programs (Dialog Programming, Standard and Interactive Reports), ALV Reporting, Smart forms, Function module, **ABAP/4** Workbench, Data Dictionary and Batch Job management.

Work Experience:

Working as an **SAP ABAP Developer for** more than 2.5 years.

Project	**Georgis Pacific -Deloitte**
Time Span	**25-07-2023 to Contd.**
Technologies	**SAP S/4 HANA**
Role	**SAP ABAP Developer**

Responsibilities include:

- Worked on latest SAP technologies like CBO (Custom Business Objects) and CFL (Customer Field Logic).
- Developed interfaces for Customer Master data.
- Worked with **standard APIs** for integrating and extending SAP functionality.
- Experience working with **IDocs** for data exchange and integration.
- Gained exposure to Adobe Forms.
- Worked on enhancements including:
  - Implicit enhancements
  - User Exits
  - BADIs (Business Add-Ins)
- Developed multiple Fiori applications using OData services and CDS Views.
- Hands-on experience with RAP (RESTful Application Programming Model) and CDS (Core Data Services) views.
- Participated in cutover activities for 3 successful go-lives.
- Learned and used AIF (Application Interface Framework) for handling interfaces.
